ANNOUNCING EAST RIVER ENERGY'S NEW TANK WARRANTY PROGRAM

Dear Valued Customer,

First, we would like to take a moment to express our appreciation for you being a loyal customer of East River Energy. We realize there are many options when it comes to oil delivery, and our main goal is to provide you with excellent service and customer care.

Part of striving to meet that goal includes finding new and better ways to protect your assets. To that end, we are very pleased to announce a company-wide upgrade, which involves an annual oil tank protection program. East River Energy has decided to offer the **ProGuard Aboveground Oil Tank Clean-up and Replacement Program**. The reason is simple. With **ProGuard**, we can now offer you **both proactive tank replacement AND clean-up protection**, should there be a release from either the tank or associated lines.

Coverage	
✓	Pro-Active Tank Replacement: If the tank is in danger of leaking, it will be replaced BEFORE it has an accidental release
✓	Clean-Up Protection: Up to \$50,000 toward the cleanup from an accidental oil release
✓	Up to \$1,500 toward a Replacement Oil Tank (per Service Agreement)
✓	Lines Are Covered in Addition to the Oil Tank
✓	No inspection Required
✓	Low \$500 Deductible

The procedure to sign up for the ProGuard Program is quick and easy: Simply fill out the brief questionnaire below and return it with a check made payable to **East River Energy, Inc.** ProGuard will then issue your new service agreement directly to you. Thank you for your continued patronage and, as always, please feel free to call us if you have any questions.

**If you have a buried underground oil tank, please contact ProGuard directly for information on the ProGuard Oil Tank Protection Program for Underground Tanks at (888) 354-0677.*
